

MEETING NOTICE
RAMSEY/WASHINGTON RECYCLING & ENERGY BOARD
FACILITY & FINANCE COMMITTEE

Date: Thursday, March 14, 2024

Time: 10 – 11:30 a.m.

Commissioners, Key staff, Presenters:

Ramsey County Environmental Health | 2785 White Bear Ave N. | 2nd Floor Conference Room
Maplewood, MN | 55109 | [Map](#)

Public: Members of the public are encouraged to participate remotely or may attend at the Maplewood address.
[Microsoft TEAMS](#) | Phone Conference ID: 280 779 856# | Call in (audio only): 1-323-792-6297

NEXT MEETING:

Thursday, April 11, 2024 | 10 – 11:30 a.m. | Ramsey County Environmental Health, Maplewood

THURSDAY, OCTOBER 12, 2023
RAMSEY/WASHINGTON RECYCLING & ENERGY BOARD
FACILITY & FINANCE COMMITTEE MINUTES

A meeting of the Ramsey/Washington Recycling & Energy Facility & Finance Committee was held at 2 p.m. on Thursday, October 12, 2023, at the Ramsey County Environmental Health Office, 2785 White Bear Avenue North, Suite 350, Maplewood, Minnesota. Members of the public attended remotely or in person at the Maplewood address.

MEMBERS PRESENT

Commissioners Trista Martinson, Victoria Reinhardt – Ramsey County
Commissioner Karla Bigham – Washington County

ATTENDING AT RAMSEY ENVIRONMENTAL HEALTH, MAPLEWOOD

Cassie Lefeber, Kelli Hall, Sam Hanson, Sam Holl, Nate Klett, Matt Phillips, Jim Redmond, Michael Reed, John Ristad, Bob Roche, Jody Tharp

ATTENDING REMOTELY

Sam Ferguson, Juna Ly, Kate Bartelt, Jennifer Klennert, Kevin Johnson, Fatima Janati, Caleb Werth

CALL TO ORDER/APPROVAL OF THE AGENDA

Chair Martinson called the meeting to order at 2:02 p.m. Commissioner Reinhardt moved, seconded by Bigham, to approve the agenda as presented. Motion carried. Ayes: 3 Nays: 0

APPROVAL OF MINUTES

Commissioner Bigham moved, seconded by Reinhardt, to approve the minutes of July 13, 2023. Motion carried. Ayes: 3 Nays: 0

Introductions of those present in Maplewood were made.

BUSINESS

2023 Budget Discussion

Joint Activities Budget

Sam Hanson, R&E Joint Activities (JA) manager, presented an update on the JA Budget. There is a smaller surplus than what was reported at the July 13, 2023, committee meeting. A higher number of requests for grants are received toward the end of the year. The current projection is a surplus of \$1.9 million, down from \$2.5 million projected in July.

Commissioner Martinson asked about the kinds of grant requests that are being received. Hanson said that there is one new, larger grant, up to \$50k, for waste reduction and innovation. In addition, grants for food recovery are being received.

Commissioner Martinson stated that when grants close out, it would be good to see where grantees are geographically located within the two counties.

Facility Budget

Sam Holl, R&E Center facility manager, said there are no new drivers in the budget from what was presented in July.

Operating expenses include surpluses in personnel costs due to hiring for processing enhancements and vacancies on overnight shifts, and for fuel supply. Renewal of facility insurance was \$800k more than what was budgeted. Landfill costs are \$1.8k higher than budgeted. R&E should have additional landfill opportunity by the end of the year, as Pine Bend landfill has resolved its space concerns. Holl is interested in reviewing the Pine Bend pricing proposal recently received, which is less expensive than what R&E is currently paying.

Revenue is projected to have a \$910k surplus. The variance, after operating expense, is a \$602k deficit.

Commissioner Martinson asked how the deficit will be handled. Holl stated that the Board has a policy option to transfer money from JA surplus to the Equipment, Maintenance and Replacement (EM&R) contingency fund but could also decide to transfer JA surplus to the Facility Budget.

Holl said the EM&R Budget has a surplus of \$400k for equipment and maintenance, while recyclables revenue has a surplus of \$250k.

Commissioner Reinhardt referred to the policy to transfer JA surplus to the EM&R contingency fund. The board has decisions to make on how to cover the facility deficit and how to use the JA budget surplus.

UPDATES AND REPORTS

Facility Update

Sam Holl provided a status update on transfer station sortation. Staff are waiting for one last approval and some negotiation is needed. The goal is to bring at least one agreement to the board in December.

Commissioner Miron recommended looking into possible grants and inquired how many proposals are expected. Holl said four proposals are anticipated; two will be chosen.

ADJOURN

Chair Martinson declared the meeting adjourned at 2:33 p.m.

**Ramsey/Washington Recycling & Energy Board (R&E Board) Workshop:
R&E's Financial Structure**

1/27/2022

R&E Board Workshop Agenda

Date: Thursday, January 27, 2022

Time: 11:00 am – 12:00 pm

Virtual Meeting: <https://zoom.us/j/96099510464?pwd=cGt5K09BNERnaUZ2UVFHUEZ0K0NLUT09>

Meeting ID: 960 9951 0464 | Passcode: 191533 | Phone: 1-651-372-8299

The Chair of the Ramsey/Washington Recycling and Energy Board has determined that an in-person meeting is not practical or prudent because of the COVID-19 pandemic. Commissioners will participate by telephone or other electronic means and the board meeting will be conducted pursuant to and in compliance with Minnesota Statute 13D.021. Members of the public will be able to watch the public meeting live online.

Workshop Purpose

- Review the finance structure, policy direction and administrative policies that have been established by the R&E Board since 2016.
- Identify any areas of change, understand the impacts of change and provide direction to staff.

Workshop Outline

- I. Recycling & Energy Board vision and direction
- II. Confirm key issues to address
- III. Review R&E financial and budget structure
- IV. Discuss R&E key issues
- V. Review proposed Joint Leadership Team recommendations
- VI. Provide direction to Joint Leadership Team

SUBJECT: 2022-01-27 R&E Board Workshop materials

December 29, 2021

To: Recycling & Energy Board

From: Joint Leadership Team (JLT)

Re: R&E Finance Structure

The Ramsey/Washington Recycling & Energy Board (R&E Board) meeting on January 27, 2022 will include a one-hour workshop following the board's business meeting. The purpose of the workshop is to provide in-depth information on R&E's finance structure, policy direction and administrative policies that have been established by the R&E Board since 2016 when R&E purchased the Recycling & Energy Center. The workshop will provide time for discussion by the R&E Board and to provide further direction to JLT.

The following is a compilation of the important components of the financial structure of R&E.

Documents referenced are displayed in italics and are available upon request. Please contact Jody Tharp at JTharp@recyclingandenergy.org for copies of any of these documents.

R&E	Ramsey/Washington Recycling & Energy

OVERVIEW

Ramsey/Washington Recycling & Energy (R&E) is a separate and distinct public entity, with powers delegated to it by the two counties. This includes authorizations related to financing the operations overseen by the joint powers board. The *Amended and Restated Joint Powers Agreement* (JPA) that created and empowered R&E states that Ramsey County is the fiscal agent for R&E, and that R&E can develop finance policies independent of Ramsey County as it deems necessary. R&E can carry out its financial powers independently unless the Joint Powers Agreement specifies otherwise.

Since its origin in 2015, R&E has created a financial structure to fund operations and manage financial risk. That structure is described in three broad categories: governance, policy and administration.

FISCAL GOVERNANCE

Fiscal Governance – Joint Powers Agreement (JPA)

- **R&E Board**
 - The R&E Board is a separate and distinct public entity, which has received responsibility and control for actions taken under the *JPA*. The Board is to comply with laws and rules that govern a public entity.
 - The R&E Board is responsible to exercise such authority and powers necessary to carry out the mandates and purposes in the *JPA* without individual county board approval unless the *JPA* specifies otherwise.
 - Joint Leadership Team (JLT). Comprised of one staff member from each of the following: the Washington County Department of Public Health and Environment, Saint Paul - Ramsey County Public Health and the Ramsey County Finance Department. The Ramsey County Finance Department staff role shall be as a liaison between the JLT and Ramsey County on financial matters.
 - Specific Powers Related to Finance.
 - Property. Acquire, improve, lease and hold real and personal property to accomplish its purpose.
 - Contracts and Procurement. Negotiate, enter and enforce contracts. See approved *Procurement Guidelines*.
 - Grants. Apply for, accept, receive and disburse grants, loans, donations, other assistance.
 - Debt. Incur and discharge debts, liabilities and obligations.
 - Annual Budgets. Establish rates and fees, hold and receive revenue in accordance with a budget as an enterprise fund, and county board-approved Joint Activities Budget.
 - Accounting and Audits. All board funds shall be accounted for according to generally accepted accounting principles and any other applicable laws. The

board shall further develop accounting and auditing procedures and requirements in the *Bylaws*.

- Insurance. The board is obligated to maintain insurance to protect against risk of loss or damage to the facility and other claims.
- Indemnification. Includes indemnification of counties, and outlines that claims settled or judgements against the board are apportioned between the counties on a 73% (Ramsey) - 27% (Washington) split.
- Fiscal Agent. The Ramsey County Finance Department is identified in the *JPA* as the Fiscal Agent on behalf of the board, performing functions specified in *Fiscal Agent Agreement* with Ramsey County.
- Budgets. There are two budgets, the Facility budget and the Joint Activities budget. The Facility Budget operates as an enterprise fund. The Joint Activities budget is funded on an annual basis from contributions from Ramsey and Washington counties.
 - Facility Budget. The board approves an annual Facility Budget for the operation and administration of the R&E Center. Funds for operations and maintenance are derived from revenue collected in operation of the facility, including collection of tipping fees. Costs included in the Facility Budget include operating funds, any operating reserve fund, capital improvements and repairs, administrative costs and debt service payments.
 - Joint Activities Budget. The Joint Activities Budget is used for board activities, including the joint activities set forth in the *JPA*. The counties' fiscal responsibility is in proportion to a 73% Ramsey County and 27% Washington County split.
 - Operating Reserve Fund. As part of the Facility Budget, the *JPA* had R&E originally create an Operating Reserve Fund (ORF), in which each county agreed to commit or hold sufficient funding for the ORF. In 2019 this was amended, and the R&E *Bylaws* now provide a process to release the counties from the obligation to hold funding for the ORF, and to pay back any operating reserve funds transferred to the board as an Enterprise Reserve Fund (ERF) is created and funded.
 - Enterprise Reserve Fund. As part of the Facility Budget, the board has created an ERF that replaces the ORF over a time period specified in the *Bylaws*. The purpose of the ERF is, first, to at least maintain essential facility operations; second, to make any required debt or obligations payments to third parties; and, third, to make any debt or obligations payments required to Ramsey or Washington counties. The *Bylaws* shall outline the scope and size of the ERF.
- **County Boards**
 - Waste Management Service Charges. Each county shall maintain and implement its ordinance requirements that impose on all waste generators a waste management service charge, currently called the "County Environmental Charge."

- Joint Activities. The R&E Board is authorized to administer the joint solid waste activities set forth in the *JPA* and approve an annual Joint Activities Budget that includes funding for such activities during the term of this agreement. It is the intention of the counties to continue their respective County Environmental Charges for purposes of making their respective contributions to the Joint Activities Budget.
- Waste Designation. The counties agree to coordinate with each other and the board to amend county Solid Waste Master Plans; prepare a joint Waste Designation Plan and adopt, implement, maintain and enforce waste designation ordinances.

Fiscal Governance – Bylaws

- **Facility & Finance Committee**
 - The Facility & Finance Committee consists of the secretary/treasurer, and two additional commissioners. The total makeup of the committee includes one commissioner from Washington County and two commissioners from Ramsey County.
 - Members of the Facility & Finance Committee are appointed by the chair each year and ratified by majority vote of the R&E Board.
 - The committee is authorized to develop and oversee the Joint Activities Budget, Facility Budget and Equipment Maintenance & Replacement Fund and make recommendations for these budgets to the R&E Board.
 - The committee is also authorized to monitor ongoing facility operations and make recommendations to ensure efficient operation of the facility.
- **Secretary/Treasurer**
 - The secretary/treasurer is elected on a biennial basis in odd numbered years.
 - The secretary/treasurer has the following duties:
 - Official recording of the minutes of all proceedings of the board meetings and actions
 - Provision for notice of all meetings of the board
 - Authentication of the records of the board
 - Oversees the board's budget and finances.
 - In the absence of the chair and vice chair, the secretary/treasurer shall preside over the board.
- **Annual Facility Budget**
 - The Facility Budget operates as an enterprise fund.
 - The Facility & Finance Committee will prepare an annual Facility Budget for board approval each year. The Facility Budget needs to be adopted on or prior to August 1.
 - The annual Facility Budget does not require approval of the counties, provided, however, that the counties must approve any county contributions to the annual Facility Budget other than the initial contributions set forth in the *Joint Powers Agreement*.

- **Operating Reserve Fund (ORF)**

- The R&E Board has established an ORF, initially equivalent to \$10,000,000.00.
- In 2019, as part of the *Enhancements Financing Plan*, there was direction to phase out the ORF and create an Enterprise Reserve Fund (ERF).
- The plan looks like this:
 - Beginning in 2020, the size of the ORF (counties' obligation) was reduced from \$10,000,000 to \$5,000,000.00, with the released funds being used to provide a loan from the counties to the R&E Board for R&E Center improvements.
 - During the period of 2025–2028, the aggregate obligation of the counties shall be reduced by at least \$1,000,000.00 per year, until the obligation is eliminated. The release of this obligation is directly related to the creation, growth and maintenance of the ERF.
 - The reduction of the counties' obligation related to the ORF may be accelerated at the sole discretion of the R&E Board, if Facility Budget surplus funds exceed \$1,500,000.00 in years 2020–2022, and \$1,000,000.00 thereafter, and the excess funds are placed into the ERF and are not otherwise designated for another use by the R&E Board.
 - During the period 2025–2028 the R&E Board shall repay to the counties the \$4,100,000.00 ORF withdrawal made in 2016.

- **Facility Equipment Maintenance & Replacement Fund (EM&R)**

- This is an important fund to the R&E Center. Without this fund, the annual operating budget or drawing down the ORF would be the only options for ongoing capital expenditures.
- The purpose of this fund is to make sure that maintenance is not deferred, and the R&E Board's investment in the R&E Center is protected.
- Equipment maintenance and replacement expenses are for major periodic projects, such as repaving the area around the facility; rebuilding heavy equipment, such as front-end loaders or replacement of major components.
- This has been treated as a separate budget, with a cumulative reserve being created to assure sufficient resources for major maintenance projects, as well as major equipment replacement. Included in this budget is a five-year forecast of equipment maintenance and replacement expenses. The Facility & Finance Committee is charged with recommending the size, scope and schedule for establishing this fund; the R&E Board-approved *Equipment, Maintenance & Replacement Budget Fund Policy* has accomplished this.

- **Payment in Lieu of Taxes**

- The board makes payments in lieu of taxes to local government entities with taxing jurisdiction (such as Washington County and the City of Newport, but excluding the state of Minnesota and fiscal disparity) in amounts equal to the taxes that would be applicable to the R&E Center if it were classified as privately-owned commercial/ industrial property.

- **Enterprise Reserve Fund (ERF)**

- As directed in amendments to the *JPA* and *Bylaws*, R&E has established an ERF.
- The size of the ERF increases each year until it reaches at least 25% of the Facility Budget. Funds more than 25% of the Facility Budget may be used by the board for projects it identifies.
- The ERF is being managed as follows:
 - At the end of 2019, \$1,500,000 in year-end surplus funds was deposited into the ERF, as well as \$1,640,000 from 2018 year-end reserves. For the period of 2020 through 2023, R&E will deposit at least \$1,500,000 per year into the ERF. For the period of 2024 through 2030, at least \$1,000,000 per year shall be deposited. At the end of 2021, there is \$6.14 million in the ERF.
 - In any year, the increase in the ERF may be accelerated at the sole discretion of the R&E Board, if Facility Budget surplus funds exceed \$1,000,000 and the excess funds are not otherwise designated for another use by the R&E Board.

- **Joint Activities (JA) Budget**

- The Facility & Finance Committee prepares a two-year JA Budget for board approval each year on or prior to August 1.
- The board submits the JA Budget for approval of the counties (for the counties' respective contributions) on or prior to September 1 each year.

- **Fiscal Policy and Procedures**

The board follows the fiscal policies and procedures set forth in the *Fiscal Agent Agreement* with Ramsey County. The board has established additional fiscal and financial policies, procedures and controls as it deems necessary.

- **Expenditures**

- Facility Expenditures. JLT is authorized to enter into agreements and commit the board to payment obligations in an emergency in order to maintain facility operations with limitations on authority to be outlined in the board's fiscal policy.
- Joint Activities Expenditures. JLT is authorized to enter into agreements or financial commitments consistent with the board's Joint Activities Budget in order to achieve the purposes of the *JPA*, originally established as not to exceed \$50,000 dollars without specific board authorization, subject to approval by county attorneys and in accordance with board's fiscal policies. Subsequently, the board has expanded this authority in the adoption of *R&E Procurement Guidelines*.

Fiscal Governance – Fiscal Agent Agreement

R&E has entered into a *Fiscal Agent Agreement* with Ramsey County, as identified in the *JPA*. The scope of that agreement notes that "R&E has developed resources to independently manage its finances. At certain times it will be necessary to seek the assistance of Ramsey County. The county agrees that, at those times and upon the request of R&E, it will provide financial services in a manner complying with

generally accepted accounting principles and, except as noted, in accordance with Ramsey County Finance Department policies. The agreement specifies these services:

- **Disbursement**
R&E prepares disbursements for goods and services based on R&E contracts entered into the county financial system by R&E. All disbursements are made using the county financial system.
- **Accounts Receivable**
R&E prepares and issues invoices for the sale of goods and services by R&E generated using the county's financial system.
- **Cash/Receivables Management**
 - The county manages cash and accounts receivable for the board in accordance with county policies and procedures, including a depository account (s) for R&E revenue.
 - Depository accounts are created at the county's primary bank. Interest on any depository account shall accrue for all of R&E's funds.
 - Collection of past due accounts receivable is outside of the scope of this agreement, and R&E is responsible for it.
- **Contracts**
R&E maintains its own contract process, consistent with its *Bylaws* and the adopted *Procurement Guidelines*. A fully executed contract is deemed sufficient and no further review by the county is necessary.
- **Asset Management**
Until R&E develops its own asset management system, the county maintains an inventory of assets and associated schedules of depreciation for all R&E capital assets. Those are defined as machinery and equipment with a cost of \$15,000 or more and more than two years of useful life, and facility and infrastructure improvements with a cost of \$100,000 or more. Assets are managed using the county's financial system.
- **Segregation of the Activities of the R&E Center**
The activities of the R&E Center are accounted for as an enterprise fund within the Ramsey County financial system. All other R&E activities (joint activities) are accounted for as a general fund.
- **Reporting**
All books and records are prepared and maintained in accordance with generally accepted accounting principles. Records of expenditures, receipts and balances shall be available at any time to R&E or its designees.
- **Audit Requirements**
The activities of R&E will receive an annual audit by R&E's independent auditor; at this time this is the Minnesota State Auditor.
- **Segregation of Duties**
The county and R&E have adequate segregation of duties as stipulated by the Government Accounting Standards Board.
- **Administrative Fees**

For its services under this agreement, R&E pays the county an annual administrative fee of \$30,000 for staffing and other services provided by the county to R&E.

Fiscal Governance – Financial Consulting Group

- *Financial Consulting Group Outline*
- While Ramsey/Washington Recycling & Energy (R&E) is an independent entity, the two counties have a strong interest in the financial success of R&E. Both counties have invested in the purchase of and improvements to the R&E Center and contribute county funds annually to the joint activities that the R&E Board is authorized to carry out.
- **Consultation Group.** A financial consultation group was formed in 2021 to help ensure R&E financial success.
 - Designated staff from the respective county finance departments meet regularly (quarterly is suggested) with R&E finance and procurement staff to assure a common understanding of R&E finance planning and budget status.
 - County finance staff attendance occurs at selected other meetings, such as R&E Facility & Finance Committee meetings, in the event commissioners have county-specific questions.

FISCAL POLICY

Fiscal Policy – Enhancements Financing Plan

Primary reasons the R&E Center was purchased were to extract greater value from materials recovered from waste, and to diversify the end markets for products of the R&E Center beyond Xcel Energy. These project improvements have been well-researched, vetted, discussed and supported by the R&E Board and the counties.

- Preliminary work on the concepts began in 2014, with early designs and economic life-cycle analyses presented to the R&E Board prior to purchase of the R&E Center.
- The Joint Designation Plan, approved by the county boards and the Minnesota Pollution Control Agency, contains a description of these improvements, with cost estimates and tipping fee schedules
- Similarly, the current adopted county solid waste management master plans also include policies and strategies that commit to incorporating new technologies at the R&E Center.

The *Enhancements Financing Plan* adopted in August 2019 provided a framework for financing the enhancements and addressed issues related to the Operating Reserve Fund (ORF) and Enterprise Reserve Fund (ERF), as discussed above.

Fiscal Policy – Procurement Guidelines

The R&E Board has adopted *Procurement Guidelines* to specify the procurement methods for contracts and purchases. The *JPA* authorizes the R&E Board to negotiate, enter and enforce contracts, provided the contracts and purchases made conform to the requirements applicable to contracts and purchases of either county, as determined by the R&E Board. R&E Board *Bylaws* specify that the Ramsey County Finance Department is the R&E Board's fiscal agent, but that "Board may conform to the procurement policies of either County, as it deems appropriate". The R&E Board has amended its guidelines as needed to align with Ramsey County guidelines, state and federal requirements.

FISCAL ADMINISTRATION

Fiscal Administration – Financial Work Assignments 2022

- Annual document outlining administrative structure for finance (see Attachment 1).

Fiscal Administration – Administrative Policies

- **Facility Budget Surplus Policy** – Approved 9/2019
The *JPA* and R&E *Bylaws* establish an Enterprise Reserve Fund (ERF). This policy provides guidance on the desired level of funds in the ERF balance to be maintained by R&E in the ERF.
 - It explains how the ERF is funded as the county obligation to hold funds for the Operating Reserve Fund (ORF) is reduced.
 - It specifies that the ERF is funded with budgeted funds and Facility Budget surplus.
- **JA Fund Balance Policy** – Approved 6/2018
This policy establishes goals and provides guidance on the desired level of fund balance to be maintained by R&E in its General Fund.
 - It states that unrestricted fund balance of the Joint Activities Fund shall be maintained at between 20% and 35% of the subsequent year's Joint Activities Budget.
 - The minimum unassigned fund balance shall be no less than 20% of the subsequent year's operating budget.
 - If the year-end unrestricted fund balance exceeds 35% of the subsequent year's budget, the excess amounts shall be transferred to the R&E Equipment, Maintenance & Replacement (EM&R) Fund.
- **EM&R Budget Policy** – Approved 3/2017
This policy states that the expectation of the R&E Board is that funds for operation and maintenance of the Facility are derived from R&E Center revenue. This policy provides a systematic method of providing funds for major equipment maintenance and replacement, setting aside certain revenues for that purpose. That includes:
 - Sale of recyclables
 - Sale of surplus equipment
 - Miscellaneous recoveries

- Budgeted amounts
 - Year-end surpluses as directed by the R&E Board
- ***Surplus Policy and Procedures*** – Approved 1/2017
Describes the process for R&E owned surplus property that conforms to state law, ensures an open and competitive sale, and maximizes revenue from sales. Revenue from sales is deposited into the EM&R Fund.
- ***Cash & Credit Policy*** - Approved 10/2017
Establishes policy and procedures for acceptance of cash and credit cards at the R&E Center.
- ***Credit Policy*** - Approved 1/2016
Outlines the process for extending credit to customers of the R&E Center.
- ***Petty Cash Policy*** - Approved 5/2018
Establishes a petty cash fund to use to pay cash for claims against the R&E Board for which it is impractical or inefficient to pay by warrant check or procurement card.
- ***Payment In Lieu of Taxes*** - Approved 6/2018
Establishes policies and procedures for the Payment In Lieu of Taxes (PILT) to Washington County for distribution to local government entities with taxing jurisdiction (excluding the state of Minnesota and fiscal disparity) for the R&E Center.
- ***Procurement Card Policy and Procedures*** - Approved 10/2017
Establishes policies and procedures for use of procurement cards by authorized employees and officials of R&E.
- ***Budget Adjustment Authority*** – Approved 9/2016
Delegates to the JLT the authority to adjust the Facility Budget by any increased expenses and increased revenues but only on the condition that any expense increase be fully covered by revenues.
- ***Accounts Receivable Policy and Procedures*** - Approved 10/2017
Outlines the management of accounts receivable that arise during the normal course of business by granting credit to commercial users of the R&E Center in accordance with the *Credit Policy*.
- ***Approval of Finance Policies; Delegation Approved*** - Approved 10/2017
Approved several policies and authorizes the JLT to approve administrative finance policies and procedures necessary for management and operation of the R&E Center in consultation with the Fiscal Agent.
- ***Facility Budget Adjustment Authority Resolution***
- ***Operating Reserve Fund – Working Capital Request to Counties 2015 Resolution***

R&E Board Policy: Joint Activities Fund Balance

Date Approved: 6/28/2018
Resolution: R&EB-2018-12

Purpose

Prudent financial management practices require that sufficient funds be available to provide a stable financial base. Resources must be available to fund cash flow needs and to provide resources for unanticipated revenue shortfalls or unforeseen revenue fluctuations. This policy establishes goals and provides guidance on the desired level of fund balance to be maintained by the Recycling & Energy (R&E) in its General Fund.

Scope

This policy applies to the General Fund (Joint Activities Fund) of the R&E Board.

Definitions

Fund Balance is the difference between Assets and Liabilities, also referred to as net resources, net assets, or net position.

Fund Balance is classified as non-spendable, restricted, committed, assigned or unassigned.

- Non-spendable fund balance consists of amounts that are not in a spendable form (e.g. inventory) or are either legally or contractually required to remain intact.
- Restricted fund balance contains amounts that may only be used for specific purposes as stipulated by an organization's bylaws or charter, external resource providers (e.g. bond covenants) or enabling legislation.
- Committed fund balance is composed of amounts to be used for specific uses as specified by formal action at the highest decision-making level within the entity. This commitment may only be changed by formal action at the same decision-making level.
- Assigned fund balance consists of amounts intended to be used for a specific purpose but that do not meet the committed criterion.
- Unassigned fund balance is the residual classification.
- Unrestricted fund balance is the sum of the committed, assigned and unassigned fund balances.

Policy

The unrestricted (committed + assigned+ unassigned) fund balance of the Joint Activities Fund shall be maintained at between 20% and 35% of the subsequent year's Joint Activities budget.

In addition, the minimum unassigned fund balance shall be no less than 20% of the subsequent year's operating budget.

Should either the unrestricted or the unassigned fund balance fall below the 20% minimum threshold,

SUBJECT: R&E Board Policy: Joint Activities Fund Balance

the Joint Leadership Team (JLT) will prepare and present a written plan to the Board, as soon as practicable, with recommendations on restoring the fund balance amounts to the minimum standards.

If the year-end unrestricted fund balance exceeds 35% of the subsequent year's budget, the excess amounts shall be transferred to the R&E Equipment & Maintenance Fund.

The JLT is authorized to direct the R&E Board's fiscal agent to transfer amounts between the Joint Activities Fund and the Facility Enterprise Fund to alleviate short-term cash shortages within one of the funds and to be accounted for as advances to and from other funds and to be liquidated within the calendar year.

Responsibility

The R&E Accounting Manager is responsible for determining the year-end fund balance, and the appropriate classifications thereof, during the preparation of the R&E annual financial statements. The JLT is responsible for providing direction to the Fiscal Agent on the amounts and timing of any transfers under this policy and to notify the R&E Board of a transfer.

Procedures

Upon completion of the R&E General Fund (Joint Activities Fund) financial statements for a given year, the Accounting Manager will compare the financial statement ending unrestricted fund balance to the subsequent year's Joint Activities budget. If the amount of unreserved fund balance is greater than 35% of the subsequent year's budget, and if the amount of unassigned fund balance is greater than 20% of the subsequent year's budget, the Accounting Manager will inform the JLT that the amount in excess of 35% of the subsequent year's budget shall be transferred to the R&E Equipment & Maintenance fund. The JLT shall, in turn, direct the Fiscal Agent to make the appropriate transfer. The JLT shall notify the Board Secretary/Treasurer when the transfer is complete. The transfer shall be recorded in the current year.

Facility Budget Surplus Policy

Purpose

Prudent financial management practices require that sufficient funds be available to provide a stable financial base. Resources must be available to fund cash flow needs and to provide resources for unfunded or uninsured liabilities. The Amended and Restated Joint Powers Agreement (JPA) and the Recycling & Energy (R&E) Bylaws establish an Enterprise Reserve Fund (ERF). This policy provides guidance on the desired level of funds in the ERF balance to be maintained by R&E in the ERF.

Scope

This policy applies to the Enterprise Fund (Facility Budget) and the Enterprise Reserve Fund of Recycling & Energy.

Definitions

Enterprise Reserve Fund - R&E fund established in the JPA and Bylaws the purposes outlined in those documents.

Operating Reserve Fund (ORF) - The original reserve fund established in the JPA and Bylaws, which are the responsibility of Ramsey and Washington counties' to address unfunded or uninsured liabilities.

Fund Balance - The difference between Assets and Liabilities, also referred to as net resources, net assets, or net position. At the end of a budget year, it is the amount generally referred to as a budget surplus, which is added to surplus funds from previous budget years.

Fund Balance is classified as non-spendable, restricted, committed, assigned or unassigned.

- Non-spendable: Fund balance consists of amounts that are not in a spendable form (e.g. inventory) or are either legally or contractually required to remain intact.
- Restricted: Fund balance contains amounts that may only be used for specific purposes as stipulated by an organization's bylaws or charter, external resource providers (e.g. bond covenants) or enabling legislation. The ERF is an example of Restricted Fund Balance.
- Committed: Fund balance is composed of amounts to be used for specific uses as specified by formal action at the highest decision-making level within the entity, in this case the R&E Board. This commitment may only be changed by formal action at the same decision-making level.
- Assigned: Fund balance consists of amounts intended to be used for a specific purpose but that do not meet the committed criterion.
- Unassigned: Fund balance is the residual classification, that is, the remaining balance that can be used after all other classifications are accounted for.
- Unrestricted: Fund balance is the sum of the committed, assigned and unassigned fund

**RAMSEY/WASHINGTON
RECYCLING & ENERGY**
CONNECTING VALUE TO WASTE

balances.

Policy

1. The R&E Board will create an ERF to reduce financial risk for the R&E Center and meet the specified purpose in the JPA and Bylaws. The Enterprise Fund contributes to the ERF according

to Table 1; the ERF may increase at a faster rate if annual contributions are greater than those listed in the table.

2. The R&E Board will reduce and eliminate the ORF held by each county according to Table 2. The ORF obligation of the counties may decrease **at a** faster rate if annual contributions to the ERF are greater than those indicated in the table.
3. The ERF shall be maintained at 25% of the annual Facility Budget. Any Facility Budget surplus funds at the end of a budget year shall be considered Committed Funds for use in future R&E Center capital projects.

Responsibility

The R&E Accounting Manager is responsible for preparing the year-end financial statements and ensuring the appropriate level of the ERF is reported as Restricted Net Position on the R&E's annual financial statements.

Procedures

ERF:

- 1) The R&E Board shall establish an ERF initially equivalent to \$1,640,000 from 2018 Facility surplus funds to be classified as Restricted Net Position on the Enterprise Fund's financial statements.
- 2) The size of the ERF will increase each year until it reaches at least 25% of the Facility Operating Budget. Funds more than 25% of the Facility Operating Budget may be used by the R&E Board for capital projects it identifies and will be classified as [Committed Funds] Unrestricted Net Position on the Enterprise Fund's financial statements.
- 3) The ERF is funded using the following terms:
 - a) At the end of 2019, \$1,500,000. in year-end Facility surplus funds will be added to the ERF.
 - b) For the periods of 2020 through 2023, the R&E will add at least \$1,500,000 per year to the ERF.
 - c) For the periods of 2024 through 2030, the R&E will add at least \$1,000,000 per year to the ERF.
 - d) The R&E Board shall accelerate the level of the ERF if the Facility Operating Budget has a surplus that exceeds the amounts listed above, and not otherwise designated for another use by the R&E Board.

ORF:

- 1) The ORF is reduced to \$5,000,000 in 2020 from the initial \$10,000,000 established in the Amended Bylaws.
- 2) The reduction of \$5,000,000 from the ORF will be used to provide a loan from the counties to R&E for administrative building renovation and residue and RDF loadout building enclosure.
- 3) Ramsey County's initial obligation is equivalent to 73% of the total ORF amount (\$7,300,000}, and Washington County's obligation is equivalent to 27% of the total ORF amount (\$2,700,000}.

- 4) During the period of 2025 - 2028, the obligation of the counties shall be reduced by at least \$1,000,000 per year, until the obligation is eliminated. The release of this obligation is directly related to the creation, growth and maintenance of the ERF. The reduction of the counties' obligation related to the operating reserve fund may be accelerated at the sole discretion of the R&E Board, if Facility Budget surplus funds exceed \$1,500,000 in years 2020 - 2022, and \$1,000,000 thereafter, and the excess funds are placed into the ERF and are not otherwise designated for another use by the R&E Board.
- 5) The R&E Board will repay the \$4,100,000 that it withdrew from the initial ORF in 2016 according to the following chart:

Year	Payment from Recycling & Energy (R&E) to counties	Payment from R&E to Ramsey County	Payment from R&E to Washington County
2025	\$ 1,000,000	\$ 730,000	\$ 270,000
2026	\$ 1,000,000	\$ 730,000	\$ 270,000
2027	\$ 1,000,000	\$ 730,000	\$ 270,000
2028	\$ 1,100,000	\$ 803,000	\$ 297,000

Table 1: Enterprise Reserve Fund (ERF)			
Year	Cash Balance of ERF at Beginning of Year	R&E Deposit from Facility Budget Line Item	Cash Balance of ERF at End of Year
2019	\$1,640,000		\$1,640,000
2020	\$1,640,000	\$1,500,000	\$3,140,000
2021	\$3,140,000	\$1,500,000	\$4,640,000
2022	\$4,640,000	\$1,500,000	\$6,140,000
2023	\$6,140,000	\$1,000,000	\$7,140,000
2024	\$7,140,000	\$1,000,000	\$8,140,000
2025	\$8,140,000	\$1,000,000	\$9,140,000
2026	\$9,140,000	\$1,000,000	\$10,140,000

EXECUTIVE SUMMARY:

During 2024, the Facility & Finance Committee will review and recommend any changes to the previously approved 2025 budgets for Ramsey/Washington Recycling & Energy (R&E). The Ramsey/Washington Recycling & Energy Board's (R&E Board) Bylaws provide that the Facility & Finance Committee will prepare a two-year budget for Joint Activities on or prior to August 1 of the year prior. The R&E Board then submits the Joint Activities Budget to the counties for approval of their respective contributions. The Bylaws also state that the Budget Committee will prepare the annual Facility Budget for approval by the R&E Board each year on or prior to August 1 of the year prior. While not called for in the Bylaws, the Joint Leadership Team (JLT) is recommending that an Equipment Maintenance and Replacement Budget (EM&R) also be prepared for consideration by the R&E Board.
